☐ Continuation Sheet Attached**Brief Description of Arguments to be Presented:**

Although Remillard's device 20 can provide a communication with a remote third party, there is no discussion at all in Remillard with respect to digital television. For example, it appears that the general television 50 of Remillard is capable of directly receiving an analog television signal, but would require an additional device, such as a set-top-box to covert a digital television signal.

An interview was conducted on the above-identified application on _____.

NOTE:

This form should be completed by applicant and submitted to the examiner in advance of the interview (see MPEP § 713.01).

This application will not be delayed from issue because of applicant's failure to submit a written record of this interview. Therefore, applicant is advised to file a statement of the substance of this interview (37 CFR 1.133(b)) as soon as possible.
